

Derian Alberto Bustos Rodríguez

Fullstack Software Developer

+506 6324-4217	derianbustos2002@gmail.com	Liberia, Guanacaste, Costa Rica.
----------------	----------------------------	----------------------------------

Professional Profile

Results-driven and adaptable Full Stack Developer with 2+ years of experience in designing, developing, and deploying robust web applications. Proven expertise in modern JavaScript frameworks (Angular, React, Vue) and backend technologies (Laravel, C#, .NET). A certified Agile practitioner skilled in automating CI/CD pipelines with Jenkins and Octopus Deploy to ensure efficient and reliable production releases. Passionate about writing clean, maintainable code and collaborating within cross-functional teams to deliver high-performance, scalable software solutions.
